16th SKAM Lithic Workshop

„Fossil directeur – A phenomenon over time and space”

21–23 of October 2019

Nitra, Slovak Republic

PROGRAM

PONTRIANSKE MÚZEUM V NITRE

Monday 21st of October, 2019

8.00-9.00 **Registration** Ponitrianske múzeum v Nitre, Štefánikova trieda 1, Nitra

9.00-9.15 **Opening ceremony** Ponitrianske múzeum v Nitre, Štefánikova trieda 1, Nitra

2. session LOWER AND MIDDLE PALAEOLITHIC

9.15-9.35 **Burdukiewicz, J. M.:** The Lower Palaeolithic in Central Europe - recent research problems.

9.35-9.55 **Valde-Nowak, P. - Ginter, B. - Sobczyk, K. - Stefański, D. - Zając, M.:** Prądniks, Prądnik technique and the Ojców industry in the light of ongoing excavations in Ciemna cave.

9.55-10.15 **Otcherednoy, A.:** Variants of bifacial types and techniques in Micoquian in East European Plain.

10.15-10.35 **Kot, M. - Gryczewska, N.:** Found in a box. Unknown bifacial leafpoint from Koziarnia cave.

10.35-10.55 **Zandler, K. - Markó, A. - Péntek, A.:** Szeletian or not Szeletian: bifacial industries from three open-air Middle Palaeolithic sites from the Cserhát Mountains (Northern Hungary).

10.55-11.05 Discussion

11.05-11.25 Coffe break

3. session UPPER AND LATE PALAEOLITHIC

11.25-11.45 **Mester, Z.:** What about the Szeletian leafpoint as fossile directeur?

11.45-12.05 **Demidenko, Yu. E. - Škrdla, P. - Béres, S. - Rácz, B.:** Aurignacian industry types and their «fossiles directeurs» in the Carpathian Basin and East Bohemian Massif: a new study attempt.

12.05-12.25 **Polanská, M. - Novák, M. - Klaric, L.:** Shouldered point status as the “fossile directeur” in the Late Gravettian of Central Europe.

12.25-12.45 **Demidenko, Yu. E. - Škrdla, P. - Rios-Garaizar, J. - Bartík, J. - Rychtaříková, T.:** LGM EASMM industry in Eastern and Central Europe and carinated atypical endscraper-cores and Sagaidak-Muralovka-type microliths as its «fossiles directeurs».

12.45-13.05 **Lengyel, G. - Wilczyński, J.:** The Epigravettian in the Western Carpathians.

13.05-13.15 Discussion

13.15-14.45 Lunch break

3. session UPPER AND LATE PALAEOOLITHIC

14.45-15.05 **Nerudová, Z. - Moník, M. - Neruda, P. - Pyżewicz, K.:** Can we identified any fossil directeur in the Epigravettian?

15.05-15.25 **Kerneder-Gubała, K.:** Dating the mine on the base of characteristic artefacts: the case study of Orońsko 2 site, Southern Poland.

15.25-15.45 **Migal, W. - Przeździecki, M.:** New experimental data on magdalenian blade production based on materials from "Mały Gawroniec", Holy Cross Mountains.

15.45-16.05 **Soják, M. - Valde-Nowak, P.:** Magdalenian key forms in Late Palaeolithic stone inventory in Huciva cave.

16.05-16.25 **Przeździecki, M. - Gryczewska, N. - Migal, W.:** Acquisition of raw materials by magdelnian hunters from "Mały Gawroniec", Holy Cross Mountains.

16.25-16.45 **Stefański, D.:** Tanged and related points in Epipalaeolithic of the Kraków area.

16.45-16.55 Discussion

16.55-18.00 **Visiting of exhibition of Ponitrianske múzeum, Nitra**

19.00-22.00 **Social meeting** Ponitrianske múzeum v Nitre, Štefánikova trieda 1, Nitra

Tuesday 22nd of October, 2019

4. session MESOLITHIC

9.00-9.20 **Migal, W. - Pyżewicz, K. - Grużdź, W.:** Mesolithic blade technology - a case study of Żuławka 13 site, Great Poland.

9.20-9.40 **Płaza, D.:** End of Mesolithic in "Terra Sandomiriensis". Research perspective.

5. session NEOLITHIC AND LATE PERIODS

9.40-10.00 **Cheben, M.:** Looking for a „Fossil directeur” in Neolithic lithic industries.

10.00-10.20 **Migal, W. - Gruzdź, W.:** Results of experiments carried out on bifacial sickles from Ożarów flint, Holy Cross Mountains.

6. session „FOSSIL DIRECTEUR” UNDER THE MICROSCOPE

10.20-10.40 **Klecha, A. - Tkachou, A. - Vashanau, A.:** Residues endurance on the example of scanning analyses of flint arrowheads from Białowieża Forest, western Belarus.

10.40-11.00 **Pyżewicz, K. - Nemergut, A.:** Moravany Dlhá leaf points under microscope - preliminary results of traseology analyse.

11.00-11.10 Discussion

11.10-11.30 Coffe break

7. session „FOSSIL DIRECTEUR” VERSUS RAW MATERIALS

11.30-11.50 **Cieśla, M.:** Keep it or discard it? Why did Neanderthals make tools of some rocks.

11.50-12.10 **Vashanau, A. - Tkachova, M. - Slah, G. - Asheichyk, V.:** A new type of flint raw material from the Southern Belarus: preliminary notes on characterization and distribution.

12.10-12.30 **Škrdla, P. - Bartík, J. - Rychtaříková, T.:** Raw material as a “fossil directeur”: a case study of Stránská skála type chert utilization over the course of time.

12.30-12.50 **Markó, A.:** Burins: tools, cores - type fossils? A study of the Mogyorósbánya industry (in Hungary) dated to the LGM.

12.50-13.10 **Kościuk-Zalupka, J.:** Transportation of raw materials: preliminary report mainly concentrated on pigments from early AVK.

13.10-13.20 Discussion

13.20-15.00 Lunch break

15.00-16.00 **POSTER SESSION**

1. **Teska, S.:** Knapping techniques in a view of morphometric studies.
2. **Leonova, E.:** Feathers of the Eastern Epigravettian stone industry of the North Caucasus Late Palaeolithic.
3. **Bielińska-Majewska, B.:** The Late Palaeolithic in Toruń Basin in the light of the latest research in Brzoza, site 50.
4. **Michalec, G. - Różok, Z. - Chłoń, M. - Pérez, S. D. - Wiśniewski, A.:** Laminar methods of Epigravettian and Magdalenian at site Sowin 7 (SW Poland).
5. † **Vencl, S. - Eigner, J. - Přichystal, A.:** Brtníky - Mesolithic rockshelter site in Northern Bohemia (Czech Republic). Some preliminary remarks to lithics.
6. **Wydrzycki, A.:** “That's one small artifact for man, one giant leap for our knowledge” - the Mesolithic period in the alpine high zone in the Tyrol area.
7. **Gerasimov, D. - Muraviev, R. - Tkach, E.:** Sinkers and composite fishing hooks in the Neolithic of the Eastern Baltic: slate artefacts from Berezovo 2 workshop settlement (Karelian Isthmus, North-West Russia).
8. **Kaczor, M.:** Raw materials from Żuławka13 site.
9. **Kerneder-Gubała, K. - Werra, D. H.:** Chocolate flint leaf-shaped points from the Nietoperzowa Cave, Jerzmanowice, Southern Poland.
10. **Sudoł-Procyk, M.:** Chocolate flint on the Kraków-Cz stochowa Upland. State of the art and research perspectives.

16.00-16.30 Final discussion and closing ceremony

16.30-17.30 Presentation of materials

Wednesday 23rd of October, 2019

9.00 Meeting in front of building of Ponitrianske múzeum v Nitre, Štefánikova trieda 1, Nitra

9.00-12.00 **Excursions to Nitra Castle, Diocese Museum and Diocesan Library**
