29TH INTERNATIONAL CONFERENCE ON THE EARLY AND MIDDLE BRONZE AGE IN CENTRAL EUROPE

13. – 16. 10. 2025 Stará Lesná (Slovakia)

INVITATION LETTER

Dear colleagues,

We are pleased to invite you to the upcoming conference focused on the current research of the Early and Middle Bronze Age in Central Europe. The call for in-person attendance and active participation is open to all those interested in sharing their findings from rescue and systematic excavations, studies on material culture, more complex thematic syntheses, as well as student works.

This year, in its 29th pre-jubilee edition, the conference will return to Slovakia after six years. We are excited to host this event in the beautiful region located between the foothills of the Tatras, Pieniny, and Slovak Paradise Mountains, in an area with a vibrant archaeological history - Spiš. In addition to the scientific program, we will organize a full-day excursion to allow you to visit several archaeological, cultural and natural landmarks of eastern Slovakia.

We also offer participants the opportunity to publish their conference papers and other works related to this period in a special issue of the journal *Slovenská archeológia*.

In that regard, we would kindly ask you to forward this invitation to colleagues who might be interested in attending the event.

We look forward to your contributions and to personal, friendly interactions, all of which premise an important exchange of new knowledge and ideas.

Kind regards,

Jozef Bátora
Pavol Bobek
Kludia Daňová
Štefan Olšov
Dominika Oravkinová
